FOR IMMEDIATE RELEASE:

Ultimate Marketing Group Introduces High Payout Affiliate Program for Digital Marketing and Design Services

Lightning fast rising new business Ultimate Marketing Group has debuted a very generous affiliate program covering all of their company's services.

ATLANTA, GA. - March 25, 2014 - Atlanta based Ultimate Marketing Group is certainly making a splash in the very competitive digital marketing, SEO and design service scene. They've shown their skills in what they offer by executing an almost unheard of meteoric rise in Google by pushing their company from page 29 all the way to page 2 in just 60 days. Now not only are they offering these talents to other businesses nation wide, but they've also recently debuted an affiliate program to share their success with smart marketers that can bring in new clients.

Raul Cruz from Ultimate Marketing Group commented, "There's no doubt, running a business without marketing will kill it fast. We're offering marketing services that can't be beat and we're really excited to see our affiliate program launch so we can all succeed together."

Not only is this an affiliate program with a company where the sky's the limit due to their rising profile, but it's also offering one of the most generous payouts in the industry today. They have to be seen to believed. Far from doing affiliate work for a business where there's no personal interaction, Ultimate Marketing Group is priding itself on always being available to work with their affiliates if they should have any questions. The response has been incredibly enthusiastic.

Emily C. an affiliate marketer from Boston said, "I've done affiliate work for SEO companies in the past and this is the best I've worked with. Payouts on the 1st of the month you can count, the affiliate percentage is great and I know if I have a question I can always call. This is exactly how an affiliate program should be run. Totally recommended."

Clearly the future is bright both for Ultimate Marketing Group and for any affiliate marketers who choose to work with them.
